CCC Minutes April 2024

at CVM. New format to display complaints in graph discussed with CCC members as suitable. BF Watering down of smoking areas at Cullen seems a lot better. Mining has been stated as finished in the past? TH Mining is approved at CVM to the end of 2025, there may have been times mining was not planned, however, CVM is planned to recommence in 2024. Likely June, was planned for May 2024.		LOAI			
Introductions		Description			
GB Declarations of pecuniary or other interests – Nil TH Operational Updates • Mining activities to recommence at Cullen Valley Mine (CVM) in 2024. • Mining activities continuing at Invincible Collery (INV) across 7 days (Monday to Sunday). • Invincible southern extension approximately three hectares mulched ahead of topsoil stripping. • Provided an overview of production and workforce. RL Noticed the fire brigade recently entered CVM and the area is looking improved. Fire was noticed by CC and reported to Fire Brigade. Is the coal from Cullen planned to go to Mt Piper? Yes. Same as INV. With the new employees is there any locals in the workforce? Yes, majority are locals. RL When is mining approved for INV? Mining is currently approved at INV to 31 December 2025. RL No tree's to be felled at Cullen? No, mining will recommence in existing footprint. \ BF Has the INV extension lapsed? Unsure of extension, current mining approved to 31 December 2025. Tenement and Options Review • No changes to mining tenements since last CCC. RL Top part of EL8619 shown is agricultural use. Is coal still planned to be transported to Mt Piper is road? Believe there was previous approval to rail coal from Cullen to Mt Piper. Is the rail siding still planned? TH Site currently plans to truck all coal from INV and CVM. Complaints • 16 complaints received in 2023 calendar year. The majority of complaints received at CVM. New format to display complaints in graph discussed with CCC members as suitable. Watering down of smoking areas at Cullen seems a lot better. Mining is approved at CVM to the end of 2025, there may have been times mining was not planned, however, CVM is planned to recommence in 2024. Likely June, was planned for May 2024.	1. CCC Minutes April 2024 2

TH	 General Manager phone call on 26 April 2024 regarding INV rehabilitation. There was also discussion regarding water being released from INV site.
GB	No other correspondence to Chair.
	Environmental Performance
ТН	 Overview of Environmental performance was provided as well as non- compliances. Visits from EPA and Resources Regulator have been conducted in the period. Second Environmental company has been engaged to complete internal audit of environmental processes.
	 Community sponsorship overview provided with any future opportunities discussed with CCC.
	Stakeholder Consultation
	EPL Annual Returns recently submitted to EPA. These included non-complaince reporting.
	Annual Reviews are nearing completion for both INV and CVM.
	 Rehabilitation Cost Estimate (RCE) being updated for submission to Resources Regulator.

Item / Initial	Description			
2. Genera	2. General Business			
TH	Circulate minutes within 6 weeks if possible (11 th June)-Post in public place (hall) New committee member drive, adds in local media, strengthen CCC, Invite Sean Greenhill EPA to attend meeting, try get Lithgow council involved as a participant.			
ТН	Next meeting scheduled for 10 am on 29 th October, 2024. Invitation to be sent out more than two weeks earlier. Text and emails required for reminders a few days prior to meeting.			
BF	Raised issues of Castlereagh Plant Hire Road trucks being worked on at the stone cottage. Concerns around discharge water flow. Not following the rock structure, instead running down the edge of the highway, then under the highway. TH stated that the water was diverted to current path aligning with the water mgt plan. Concerns that the water running down the highway will damage the highway (Inspected by EPA & Maritime)			
BF and RL	Both discussed the heating area had improved since previous meeting.			
TH	Additional signage to facilitate CCC attendees at Invincible site.

	New committee member drive, adds in local media, strengthen CCC, Invite Sean Greenhill		
	EPA to attend meeting, try get Lithgow council involved as a participant.		

CCC Minutes April 2024

CC to confirm if INV has any approvals to mine beyond 31 December 2025. Thoughts an additional approval previously gained had lapsed.
CC to confirm if there is approval to rail coal from site.
CC to conduct site visit of CVM with RL to review water management.
CC to provide updated RCE to CCC.
Is water leaving INV site and crossing Castlereagh Highway is alignment with Water Management Plan.

Item /Initial	Description

CCC Minutes April 2024 5

Castlereagh Coal Community Consultation Committee Meeting 30th April 2024

Agenda

Castlereagh Coal Mantra - Respect, Responsible and Resilience

- Introductions
- Apologies
- Pecuniary Interests
- Operational Update
- Tenement and Options Review
- Complaints
- Correspondence
- Environmental Performance
- Stakeholder Consultation
- General Business
- Close

Operational Update

Cullen Valley Mine

- Nil mining activities since H2 2023, restart mining operations, ~May/June 2024 with a small crew. Plans to mine ~500kt of coal, consent to mine until September 2025.
- Maintenance work ongoing since mining commenced at Invincible.
- Heating area above crusher pad, footprint has reduced since remediations activity. Site continuing to monitor area.

Operational Update

Invincible Colliery – Southern Extension

- Since commencement in July 2023 total's mined: waste 634kbcm and 118kt of coal. Consent to mine until 31st December 2025.
- Invincible coal mining fully operational,
 7-day (DS) operation.
- Current workforce consists of:
 - 19 mining operators,
 - 4 maintenance personnel,
 - 6 staff.

Tenement and Options Review

Correspondence

Chair to discuss

• TH, discussion 26/04/2024 with a neighbour regarding Invincible rehabilitation, dot point 4 on the environmental slide, trucking, planning.

Environmental Performance

- Monthly sampling conducted by an independent Environmental company, air and water with nil exceedances. Non-compliances related to air quality capture, CVM unsampled discharge (self-notification to EPA).
- Quarterly noise monitoring conducted, nil exceedances.
- The company has engaged a second environmental company to audit site processes and regulatory compliance due to the loss of our Environmental manager. Currently in the process of employing a new manager.
- Rehabilitation, at this stage only topsoil has been hauled in preparation for overburden shaping. We are currently reviewing the final landform, with aerial survey data and engagement of a mine planner.
- Undertaken external weed management contractor, pre-arranged Spring spraying.

Highlights

- Community Sponsorship,
 - Cooerwull public school
 - · St Joseph's School
 - Vale ladies Club
- Visits from both EPA and Resource regulator have been completed with pleasing results with only minor deficiencies identified.

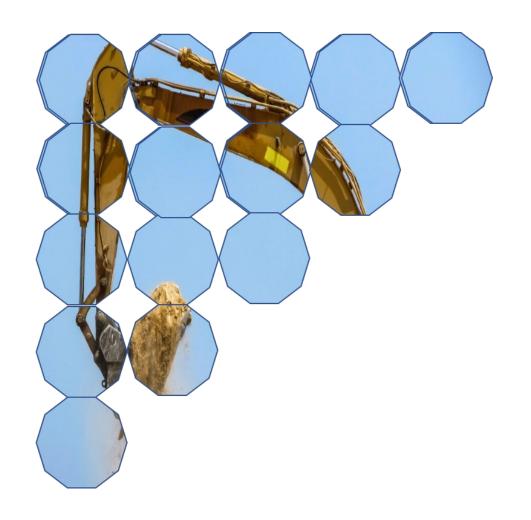

Stakeholder Consultation

Since last meeting 6th October 2023

- Nil changes to Development consents or Environmental Protection licenses (EPL).
- Cullen Bullen EPL 10341 Annual Return 10/12/2022 9/12/2023 Submitted.
- Invincible Colliery EPL1095 Annual Return 28/2/2023 27/2/2024 Submitted.
- Annual review, both nearing completion for submission to DPE.
- Ongoing consultation with the Resources Regulator regarding Rehabilitation Reforms.
